C. C. MORSE & CO'S NEW ANEMONES

Photographed on Our Front Cover

Whenever we come across a handsome new flower, or one which is comparatively little known and which is of great beauty, our desire is always to procure it for our customers. We want them—we want you—to know of it.

Such a flower is the **Anemone**. Do you know it? Do you know it when it is well grown? It has stems twelve inches tall; stout, stiff stalks and with most beautiful flowers, brilliant in color—buff, blue, and scarlet, and wonderfully shaded. We want you to become acquainted with this flower, for the acquaintance will give you pleasure and make your garden admired by your neighbors. Perhaps you have already seen some and have asked what those “blue poppies” were which flowered in April. Anyway, won’t you try some Anemones in your garden this year, as well as the usual Hyacinths, Tulips, Iris and Daffodils. A good selection of the very finest is offered below. For culture: choose preferably a well drained, light loamy soil; plant 1½ inches deep. With care, the bulbs will last and flower for years.

DOUBLE POPPY ANEMONES

| | Per Doz. | Per 100 | (Postage, 10c per 100 additional) |
|---|----------|---------|---|
| Ceres , White delicately tinted blush..... | \$.40 | \$2.50 | |

| | | 10 Sparaxis. |

136 of our best bulbs.....\$2.10

We wish to remind you of the few usual requests which help us so much in our business:

Please Order Early

The best time is just as soon as this catalogue reaches you. The bulbs may not have arrived by then, but your order will be given immediate attention, and be filled just as soon as the stock arrives. At the first of the season there are no sorts sold out, and besides the bulbs flower better when planted early.

New Varieties

Beside the Anemones listed above, there are new Ranunculus and new Long Stemmed Tulips, listed in order. And may we say again that our bulbs are fine, and do give satisfaction.

Name and Address

Please be sure to write plainly your full name and address, when sending us your order and remittance. Send also the name of the nearest express office, if bulbs are to come that way, when it differs from the postoffice. We send bulbs by express, unless postage for the different sorts as shown in the catalogue, accompanies the order.

Non-Warranty

Most of the failures with seeds, plants and bulbs are due to causes entirely beyond our control, such as unfavorable weather, too deep or too shallow planting, slugs, etc., therefore C. C. Morse & Co. give no warranty, express or implied, as to description, purity, productiveness, or any other matter of any seeds, plants, bulbs, etc., they send out, and will be in no way responsible for the crop; if the purchaser does not accept the goods on these terms they are to be returned at once.

"Morse's Special Tulips" for California

Can you imagine any flowers more bright and dazzling than a bed of tulips in the sun on a warm spring day? Let us tell you which ones do the best, and which colors we should choose, for others have told us of their success with them. First, then, for out-of-door beds and for Tulips with long stems, plant those listed on this page as Morse's Special Tulips for California, and also Darwin Tulips.

The brightest red Tulip is *Gesneriana Major*, and it's a beauty; the finest yellows are *Parisian Yellow*, *Retroflexa*, and *Bouton d'Or*, in the order named; for pink, *Maiden's Blush* and *Isabella*. Try the effect of a bed of a hundred blossoms planted closely.

The culture is easy; the secret is to have rich soil well drained; use rotted manure or bone meal to give richness, and plant the bulb in sand if the ground is heavy and wet. Plant the bulbs as early as possible and about 4 inches deep. Water sparingly during the winter, but give plenty as the buds develop, and for several weeks after flowering.

(If Tulips are wanted by mail, add 5c per dozen; 35c per hundred for postage.)

Three of "Morse's Special Tulips"; Long Stemmed.
Darwin **Mrs. Krelage**, Maiden's **Blush**, and **Bouton d'Or**.

Single

Per doz. Per 100

| | |
|--|----------|
| Gesneriana Major: the most brilliant and dazzling crimson with black center, Has fine large blossoms with long stems. Always does well when planted outside, and is tremendously handsome. Morse's stock of this is best...\$.30 | \$ 2.00 |

Hyacinths

Hyacinths come in a wide range of colors from purest white, through blush pink to deep pink, and dark red; and from light azure through shades of blue to violet, as well as in shades of light yellow and apricot. No other spring bulbous flowers have such delightful fragrance as have Hyacinths, and this quality helps to make them one of the most popular flowers.

For out-of-door growing, plant Hyacinths in November, if possible, although firm bulbs will bloom well if set out much later. The proper depth to plant is shown on the diagram on the inside of the back cover; for bedding effects, set 6 inches apart. The soil should be made rich with a liberal mulching of manure, and sand should be added if the soil is heavy. After flowering, allow the leaves to dry up and then lift the bulbs in midsummer; store them in dry soil in a cool dry place, and very often they can be used again.

Our named varieties of Hyacinths are all of first size, and are fine, large, healthy bulbs, and will produce the very finest flowers. (If ordered by mail, add 15c per dozen for postage.)

Named Varieties of Hyacinths

Extra large bulbs for flowering in glasses, and for growing outside.

Collection of 12 named varieties, \$1.25 per doz. Mixture of all varieties, \$1.25 per doz.; \$10.00 per 100.

Daffodils

What a cheerful sight a bed of Daffodils is! As they stand in the garden, erect but nodding, their wealth of golden color reflects the sunshine poured on them in days past. Everybody loves daffodils; they are so chaste, so early to bloom and so easy to have always in the garden. Besides the large yellow trumpet sorts, the Double Daffodils and the Poet's Narcissus are lovely too. Of the crown type, Barrii Conspicuous, Sir Watkin and Mrs. Langtry are all fine. The Polyanthus type are all extremely early and fragrant.

Plant Daffodils in October and November out in the open ground in good soil and let them remain from year to year. The bulbous roots will multiply and send up fine long flower stems every spring. Be sure to keep the ground moist during the growing season if season is dry.

They can also be grown easily in pots, putting 4 or 5 bulbs into a 5-inch pot and keep well watered.

Emperor

The best Single Trumpet Daffodil

DOUBLE DAFFODILS

These are all easily grown and are very pretty. (If wanted by mail add 10c per doz. for postage.)

Alba Plena Odorata (the double White Poet's Narcissus or Gardenia Daffodil): sweet scented, very double and late. For outdoor culture only; does not force well. 3c each; 20c per doz.; \$1.25 per 100

Incomparable (Butter and Eggs): rich yellow and orange, fine for either forcing or outdoors.

.... 4c each; 35c per doz.; \$2.00 per 100

Orange Phoenix (Eggs and Bacon): very large, double, white, and orange, very beautiful, fine for pot culture. 5c each; 35c per doz.; \$2.00 per 100

CROWN DAFFODILS

Barrii Conspicuous: broad yellow perianth with a short, broad crown edged with orange-scarlet; a fine bold flower. Should be grown in quantity.

.... 3c each; 25c per doz.; \$1.75 per 100

Cynosure: sulphur yellow perianth; yellow cup, stained with orange, scarlet; very showy, fine for cutting. 3c each; 25c per doz.; \$1.50 per 100

Sir Watkin: a giant flowering variety, the blossoms sometimes measuring 5½ inches in diameter. The perianth is sulphur yellow; the cup deep golden

LARGE TRUMPET DAFFODILS

If wanted by mail add 12c per doz. for postage.

Albicans ("White Spanish Daffodil"): creamy white perianth with a bold silvery trumpet. 6c each; 50c per doz.; \$3.50 per 100

Bi-color Grandee: flowers very large with broad pure white petals which overlap each other. The trumpet is bright yellow. Rather dwarf and late flowering.

.... 4c each; 35c per doz.; \$2.50 per 100

Emperor: one of the grandest daffodils in cultivation; late. The perianth is broad and overlapping and the trumpet is very large and finely formed. Both perianth and trumpet a bright yellow. The stems are long and it is fine for cutting. Postage additional, 20c doz.

.... 7c each; 60c per doz.; \$4.00 per 100

Empress (White Wings): the perianth is pure white and the trumpet bright yellow.

.... 6c each; 50c per doz.; \$3.50 per 100

Golden Spur: a fine fragrant variety with long stems, excellent for cutting. The perianth is yellow and the trumpet is bright golden yellow; early.

.... 6c each; 50c per doz.; \$3.50 per 100

Henry Irving: one of the older varieties. The perianth has narrow petals of a deep yellow color, the trumpet is of a deep golden yellow and very large.

.... 6c each; 50c per doz.; \$3.50 per 100

Obvallaris (Tenby Daffodil): a fine hardy flower, the perianth white, trumpet yellow. 5c each; 50c per doz.; \$4.00 per 100

Principes Maximus: very early and popular perianth sulphur yellow, trumpet rich yellow.

.... 4c each; 30c per doz.; \$2.00 per 100

Single Von Sion: a beautiful golden yellow throughout (both perianth and trumpet), large and fine for cutting. 5c each; 45c per doz.; \$3.00 per 100

Trumpet Major: one of the most popular large, clear yellow varieties (both perianth and trumpet same color). Valuable for bedding or cutting or for forcing. The most easily grown and the hardest.

.... 4c each; 35c per doz.; \$2.50 per 100

Victoria: a new daffodil with broad white perianth and large yellow trumpet. The flower has great substance and keeping qualities. We recommend it as the best yellow and white and are glad to introduce it to this Coast.

.... 6c each; 55c per doz.; \$4.00 per 100

Sulphur or Silver Phoenix: creamy white with sulphur center, very double and beautiful.

.... 5c each; 45c per doz.; \$3.00 per 100

Von Sion: the largest and finest double yellow trumpet variety. This is the old favorite variety so highly prized in old-fashioned gardens. Excellent for either forcing or cut flowers. If planted out of doors it can remain where planted for a number of years, blossoming freely every year. It is as popular now as ever and every one who loves daffodils should plant it. 5c each; 40c per doz.; \$2.50 per 100

(Chalice Cup or Star)

yellow. An old variety, still very popular.

.... 5c each; 50c per doz.; \$3.25 per 100

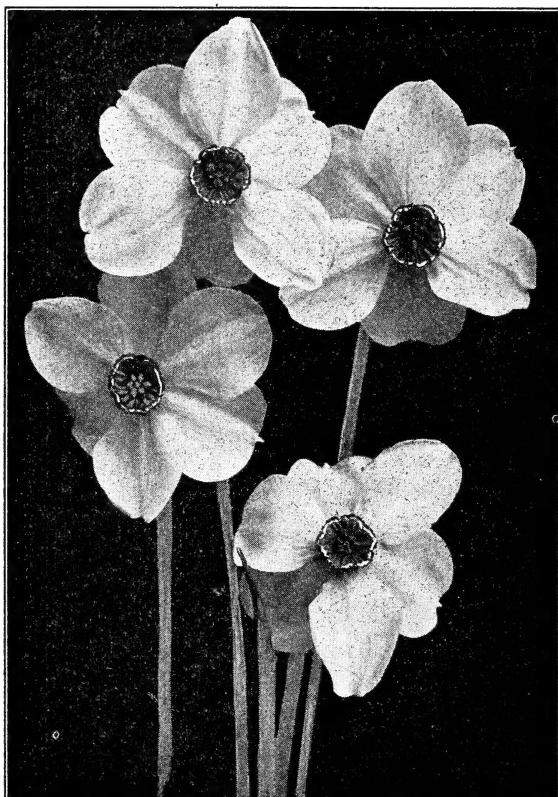

Stella: star-shaped, one of the first to bloom; flowers white with yellow cup; large and very free blooming. 3c each; 25c per doz.; \$1.25 per 100

Mrs. Langtry: pure white perianth, broad and overlapping; cup white edged, bright canary yellow, a fine art flower and very prolific. On account of its low price is largely used for naturalizing.

.... 3c each; 30c per doz.; \$1.75 per 100

Poeticus Narcissus

(If wanted by mail add 5c per doz.; 25c per 100 for postage.)

Poeticus Ornatus Narcissus

Jonquils

These are much prized for their delicious fragrance, their graceful stems and blossoms, their rich golden hue and their fine hardy character.

Postage 5c per dozen.

| Rugulosus: the largest of the jonquils, rich golden yellow, broad perianth with wrinkled cup..... | .25 | 1.50 |

Japanese Iris
(*Iris kaempferi*)

By universal consent this species of Iris is given first place. It is one of the finest flowers we have, coming in various tints of blue, lavender, crimson, rose and lilac, as well as the dark blues and violets. The bulbs are perfectly hardy and the plants are very easily grown in any garden where there is good soil and plenty of water. The blossoms vary from 8 to 10 inches in diameter and are borne on long graceful stems, blooming profusely in June and July. Bulbs are ready for delivery some time in December. We have some beautifully colored pictures of these to show at our store.

In separate sorts—lavender, blue, white claret, purple, etc. 25c each; \$2.50 per doz.

In mixed colors, 20c each; \$2.00 per doz.
(Bulbs too heavy to mail, postage 15c each.)

To many these beautiful Poet's Narcissus are the favorite type. They are certainly flowers of great beauty, with their broad, pure white petals and small yellow centers. We offer two varieties.

Poeticus (Pheasant's Eye): the old-time favorite 25c per doz.; \$1.25 per 100

Poeticus Ornatus: an earlier flowering and more hardy sort with large flowers of greater substance; an improvement 25c per doz.; \$1.50 per 100

Polyanthus Narcissus

(If wanted by mail add 12c per doz. for postage, and for Chinese lilies 4c each.)

A very fragrant, sweet-scented type of the easiest culture, and very early. Can be grown out doors, in pots or in a dish of water with coarse gravel. The stems each bear from 10 to 20 blossoms at the top.

Paper White Grandiflora: beautiful snowy white blossoms with large petals deliciously fragrant, the earliest to bloom. Will blossom out of doors by Christmas if planted in October 30c per doz.; \$1.75 per 100; \$15.00 per 1000

Grand Monarch: broad white perianth with primrose cup. A large flower and vigorous grower 45c per doz.; \$3.00 per 100

Grand Soleil D'Or: a rich clear yellow with orange cup. Very fragrant and handsome 6c each; 50c per doz.; \$3.00 per 100

Chinese Sacred Lily (single): perianth white, cup yellow, very free flowering and fragrant. Can be had in flower in dishes with water and coarse gravel from December to March. We handle the finest selected bulbs imported from China. Postpaid 13c each 10c each; \$1.00 per doz.; \$2.25 per basket of 30 bulbs
Extra size, 15c each; \$1.50 per doz.

COLLECTIONS — Various Narcissus. A splendid mixture of the best Single Trumpet Daffodils. 45c per doz.; \$3.00 per 100; \$25.00 per 1000.

A splendid mixture of the best Double Daffodils. 35c per doz.; \$2.00 per 100; \$18.00 per 1000.

A splendid mixture of all Daffodils and Narcissus. 25c per doz.; \$1.75 per 100; \$15.00 per 1000.

German Iris

Postage 10c per dozen.

This variety is commonly called "Flags," and is a beautiful flower, as handsome as an orchid, and, while the native blue and white are the most common they can now be had in a great variety of colors and tints.

All the following varieties. 85c per doz.; \$6.00 per 100. Bulbs do not ripen until November.

Bouquet Royal: creamy white.

Canary Bird: standard yellow, falls bronze, striped white.

Empress Victoria: pale blue standards, falls purplish blue.

Gloire de Hellebore: beautiful porcelain blue.

Gracious: crimson reticulated white, very fine.

Innocenza: ivory white.

Kharput: purple, standards blue.

Madam Chereau: white, elegantly frilled azure blue at the edges.

Maori King: rich golden yellow standards, falls velvety crimson margined gold.

Mrs. Horace Darwin: white slightly veined violet base.

Mixtures of all the above varieties and many others not listed separately 75c per doz.; \$5.00 per 100

Mixture, mostly blue shades 45c per doz.; \$3.00 per 100

Iris—Fleur-de-Lis

Iris comes in two very distinct classes, one has creeping root-stocks and evergreen leaves like the German, Japanese, and Susiana Mourning Irises. The other has a bulb such as English and Spanish Iris. All have fine handsome flowers, with colorings like an orchid, and are among the best cut flowers.

The bulbs should be planted 2 or 3 inches deep and 6 inches apart, and for best effect should be in beds or groups of twenty-five to one hundred or more bulbs; the greater the number the finer the effect.

A mulching of coarse manure or straw will facilitate the production of fine long stems and large blossoms.

After flowering, the bulbs may either be lifted or allowed to remain for another season. The varieties contained in our collection are the finest and most distinct in cultivation.

Spanish Iris

Both Spanish Iris and English Iris are needed in the same garden to give a continuous period of Iris blooms for six weeks. The Spanish sort is the earlier, and also smaller variety; but it is the favorite, many thousands being planted each year. The price is so low that they can be afforded in quantity.

Alex von Humboldt: clear blue.

Belle Chinoise: very fine yellow.

Blanche Superbe: large white flower with a suggestion of pale porcelain shading; one of the best and earliest.

British Queen: purest white.

Cajanus: pure yellow; large flower, very tall, fine for cutting.

Chrysolora: golden yellow, the best of its color in cultivation.

Darling: bright blue.

Gold Cup: darkest bronze, largest variety, very fine.

Formosa: the finest of dark blue.

Ida: deep yellow, large flower.

Louise: French gray and white, with golden blotch, very beautiful.

Philomena: fine large pale blue.

Reconnaissance: bronze and orange blended.

Snowball: pure white, shading to sapphire at base, with conspicuous golden blotch.

Splendens: deep blue.

Thunderbolt: dark bronze.

William I: fine yellow.

Spanish Iris

English Iris

This beautiful variety grows on tall stout stems and makes a fine florist's flower. The stem is 3 feet and surmounted by most delicately colored flowers 4 inches across. English Iris is taller than the Spanish and has larger flowers. It blooms several weeks later, and care must be used to see that the plants have plenty of water when coming into flower, for this is the season of year when our gardens are just beginning to be dry.

(Postage 5c per dozen additional.)

Susiana Mourning Iris

(Prices are post-paid.)

This is a peculiarly beautiful variety, and quite distinct from all other types and must be seen to be appreciated. It is a combination of silvery gray and dark chocolate and black, grows one foot high and blooms in May. The flowers are very large, being 6 inches across.....15c each; \$1.50 per doz.

Lilies

MORSE'S HARDY EASTER LILIES for Out-of-door Planting

Not every one knows that these delightful flowers which are pictured on our back cover can be successfully raised in the open garden without trouble. The presence of an Easter Lily brought into a room will keep it filled with the most delicious perfume for over ten days. The flowers are a glorious pure white, with long trumpets. No wonder this flower was chosen to represent the sacred joy of Easter time, and for most of us it has those associations. Do not think though that the flower in your garden will bloom so early—only *Lilium Harrisii*, forced, will do that; but in June and July you will get these matchless Lilies in full splendor out of doors. 15c each; \$1.25 per doz.; \$8.50 per 100.

Set the bulbs out in November (or as late as February 1st) in a good, deep soil, planting them 5 inches below the top of the ground. The place should be lightly shaded, well drained, but still moist. A mixture of leaf mould will help the texture. No other care is required. Do not over-water, especially when first set out and in winter; also sprinkle with tobacco dust several times in summer to keep off aphids.

HARDY ST. JOSEPH LILY or CANDIDUM

Annunciation Lily; Madonna Lily: the flowers are pure snow-white and very fragrant, borne on long stems. It is a valuable variety for forcing; and is a fine early hardy lily to plant out of doors, never failing to bloom well. The flowers do not have quite such long trumpets as the Easter lilies. 15c each; \$1.25 per doz. (Postage 3c each; 25c per doz. additional.)

We have a limited supply of monster bulbs which will give 12 to 18 flowers to each bulb, at..... 25c each; \$2.50 per doz. (Postage 5c each additional)

Harrisii (The Bermuda Easter Lily): the flowers are trumpet-shaped, pure white, gracefully formed and delightfully fragrant. This is the lily so much grown by florists for Easter, on account of its very early flowering habit and abundance of bloom. On account of being liable to injury by insects, *Harrisii* Lilies are better grown within doors. At least, bring them in when they are about to flower.....

..... 15c each; \$1.50 per doz

These two lilies must be planted early. Order in September.

All of the following sorts of Lilies are perfectly hardy in the open garden, and well suited to garden culture. Their stately habit, rich and varied colored flowers, often delicious fragrance, and easy culture, render them so distinct from all other hardy plants that no collection, however select, should be without a few of the choicer sorts.

Candidum and *Harrisii* are ready for delivery in Sept., and the others in October and November.

If wanted by mail add 3c each, 25c per doz., for postage.

Auratum (Gold-banded Lily): one of the finest and most popular of the hardy garden lilies. The blossoms are composed of six large petals of delicate ivory white, studded with spots with a bright golden band running through the center of each petal. The flowers when fully expanded are nearly a foot in diameter are very fragrant and bloom from June to October. 15c and 20c each, and \$1.25 and \$2.00 per dozen, according to size.

Auratum Pictum: similar in form to the *Auratum*, but tipped with crimson at the ends of the yellow rays, 25c each; \$2.50 per dozen.

Auratum Platycyphllum: similar to *Auratum*, but larger and finer in all respects. Especially noted for its broad lustrous leaves, which give double attraction. The petals are studded with crimson chocolate spots. 25c each; \$2.50 per doz.

Auratum Rubro Vittatum: one of the finest of all lilies. Its crimson band running through the middle of the petal is so broad that the petals appear to be crimson margined with white; very showy and handsome. The flowers are 10 to 12 inches across, of bright crimson and white. Illustrated in last year's catalogue... 50c each; \$5.00 per doz.

Elegans Atrosanguinea: a dark blood-red lily of handsome appearance. *Elegans* lilies are all borne erect on a stem about 2½ feet. 20c each; \$2.00 per doz.

Elegans Incomparabile: the richest red known in lilies, a deep crimson slightly spotted black. Flowers large and freely borne. 15c each; \$1.50 per doz.

Elegans Orange: a very early, flowering lily, doing well in any location, about 2 feet high, flowers are orange in color..... 20c each; \$1.75 per doz.

Henryi (The Yellow Speciosum): a rare lily from China, hardy and free flowering, often with 17 blossoms on a stem. Flowers are a rich apricot yellow slightly spotted with brown..... 75c each

Humboldt Magnificum: a remarkably fine variety 5 feet high and bearing profusely large flowers of golden yellow spotted with purple..... 50c each

Krameri: a beautiful large pink lily, distinct from all others. The flowers shade lighter and are very fragrant..... 20c each; \$2.00 per doz.

Leopard Lily: the native Tiger Lily found growing in the mountains in all parts of California; height 3 to 4 feet. Flowers yellow orange with dark spots..... 10c each; \$1.00 per doz.

Longiflorum Giganteum: a fine type of Japanese Easter lily; about 2 weeks later than *Multiflorum*. 15c each; \$1.25 per doz.; and 25c each; \$2.00 per doz.

Longiflorum Multiflorum: an early flowering type of the Japanese Easter lily. Pure white trumpet-shaped flowers. Splendid for growing in pots and for outdoor planting. 15c each; \$1.00 per doz.; extra large bulbs, 20c each; \$1.75 per doz.

Philippine: a new, rare, hardy lily, grows two feet high and bears snow-white flowers with very long slender trumpets. 10 inches long. Is a much admired variety. Blooms in August. Bulbs ready in January..... Postpaid, 25c each; \$2.50 per doz.

Redwood Lily (L. Rubescens): A beautiful native lily, tall and slender, growing high on inaccessible ridges among the chaparral. This lily has the most exquisite fragrance of any lily. The flowers open white, dotted purple, and soon change to deep purple and then to wine color. The Washington lily closely resembles it... 40c each; \$4.00 per doz.

Rubellum: of dwarf habit, bearing several beautiful rose-pink flowers. Come into flower early. It does best in sandy loam..... 20c each; \$2.00 per doz.

Speciosum Album: one of the most beautiful and easily grown lilies we have. The flowers are of immense size and pure white. Plants grow from 2 to 4 feet high..... 15c each; \$1.50 per doz.

Speciosum Rubrum: this is the tall light red lily often seen in florists' windows. It is perfectly hardy in the open garden and is a strong and vigorous grower. Plant in well drained soil in a partially shaded place. The lily blooms in July and August, having a spike 4 feet tall with bright lilies of light crimson and white, the petals recurved..... 15c each; \$1.25 per doz.; \$3.50 per 100

Speciosum Rubrum Magnificum: this variety is much more crimson in color than the ordinary *Rubrum* and is heavily spotted..... 15c each; \$1.25 per doz.; \$3.50 per 100

Tigrinum (Tiger lily): fine showy blossoms, brilliant orange spotted with black. The Tiger lily is one of the best for out of doors, for it is perfectly hardy and will last for years in the garden, each year sending up its black and orange flower spike..... 15c each; \$1.25 per doz.

Tigrinum Flora Plena (Double Tiger Lily): similar to *Tigrinum*, but double.... 15c each; \$1.25 per doz.

White Calla Lily (Calla Ethiopica): the well known and popular white calla. According to size..... 50c, 75c and \$1.00 per doz.

Yellow Calla Lily (Calla Elliottiana): The foliage is dark green with a number of translucent white spots, and the flowers a bright yellow. A very handsome sort. According to size, 25c to 35c each; \$2.50 to \$3.50 per doz.

Our Store, 125-127 Market St., in Bulb Season

You are invited to call and inspect our Bulbs, and see the many-colored pictures of different Bulbs which we have to show.

We shall be in our new store when this catalogue is issued, at Nos. 125-127 Market St.

Miscellaneous Bulbs and Flowering Roots

AGAPANTHUS, UMBELLATUS (Blue African Lily)

(Too heavy to mail.)

The old favorite, flowers bright blue borne in clusters of 20 to 30. The flower stalks frequently attain a height of 3 feet, the flowers opening in succession for a long period during the summer and autumn. Ready for November delivery.....

25c each; \$2.50 per doz.

Agapanthus Albus: a new white variety, very beautiful.....

35c each; \$3.50 per doz.

ALLIUM, AUREUM

(Postage 5c per doz.)

Molly or Golden Allium: one of our most showy border plants; perfectly hardy, bearing large umbels of golden yellow flowers in June. A very old favorite, and fine for naturalizing in the garden where it forms large clumps. Height, 1 foot.....

15c per doz.; \$1.00 per 100

AMARYLLIS

(Postage 15c per bulb.)

Ornamental plants with large, fragrant, beautifully colored flowers. Frequent disturbance of the roots should be avoided, as this will prevent free flowering. Sends up a flower stalk without leaves in August, to a height of 2½ feet; very fragrant.

Belladonna Major: beautiful soft rose.....

15c each; \$1.50 per doz.

Formosissima: charming dark crimson.....

10c each; \$1.00 per doz.

APIOS TUBEROSA

(December delivery. Prices post-paid.)

This is a climber and is like a miniature Wistaria, growing about 10 feet high and bearing clusters of rich, deep purple flowers, which are sweetly scented.....

50c per doz.

ANEMONES

These are shown on our front cover this year. See inside of front cover for special offers.

St. Brigid: semi-double Irish Anemone.....40c per doz.

Anemone Japonica or Japanese Windflower

(December delivery.)

These handsome Anemones are fall flowering, blooming from August till October. The tall plants, 2½ to 3 feet, make fine cut flowers.

White, single.....10c each; \$1.00 per doz.

Pink, single.....10c each; \$1.00 per doz.

BEGONIA (Tuberous-Rooted)

(Prices include postage.)

For **January** delivery. Splendid pot plants, and equally useful for bedding purposes; very free flowering, doing best with partial shade.

We offer Begonias in the following separate colors: **Dark rose, light pink, salmon, scarlet, white and yellow.**

Double: any color or mixed....15c each; \$1.50 per doz.

Single: any color or mixed....10c each; \$1.00 per doz.

Begonia Crispa: a new sort with very large single flowers beautifully frilled on edge and crested. Try some of these new ones. 25c each; \$2.50 per doz.

BRODIAEAE (Cal. Wild Flower)

(Prices include postage)

Coccinea (Floral Fire Cracker): this bears a cluster of flowers 1½ to 2 inches long on a tall scape. The color is a bright red, tipped with pea green. Found wild in the canons about Mendocino county in June; very pretty and bright.....

40c per doz.; \$2.50 per 100

Laxa (Ithuriel's Spear): bears a cluster of twenty or more of clear blue flowerets on a stem 1 to 2 feet high. One of the beautiful wild flowers of California in May and June. 20c per doz.; \$1.25 per 100

Miscellaneous Bulbs and Flowering Roots—Continued

CALADIUM OR ELEPHANT'S EAR

(For January delivery.)

One of the most effective plants for beds or for setting out upon the lawn. When full size the leaf stalks are 6 feet high and the leaves themselves monstrous. Give plenty of water and rich compost. Caladiums are tender to frost, but come up again next year..... 12c each; \$1.25 per doz.
(Postage 7c each additional.)

CALOCHORTUS (Cal. Wild Flower)

(Price includes postage)

Golden Bell (Calochortus Amabilis). These are dainty flowers with their drooping yellow globe-like heads. The foliage is slender and light green, and the whole makes one of the most delightful and modest little flowers. Stems 12 inches high, 3 flowers to a stem. A newly listed California wild flower..... 25c per doz.; \$1.50 per 100

Mariposa Tulips (also called Mariposa Lilies): these famous California wild flowers possess much delicacy and brilliancy of coloring. They somewhat resemble a tulip in shape, are of many colors, shades and markings. Planted in the open border, they flower in June and July. Mixed Calochortus..... 30c per doz.; \$2.00 per 100

COLCHIUM (Meadow Saffron)

(Autumn Flowering Crocus)

Autumnalis: the flowers come through the ground in the fall without the leaves which appear next spring. Very similar to a crocus; the colors of the flowers being white, purple, rose striped, etc.

Mixed Colors 50c per doz.

(Price includes postage)

CROCUS

(Postage 15c per hundred)

Should be planted liberally in lawns and grass plots, where they will flower very early in the spring, before mowing.

DIELYTRA OR "BLEEDING HEART"

(For December delivery)

(Postage 3c each)

One of the most ornamental of spring-flowering plants, with long, drooping racemes of heart-shaped flowers. If potted in December, left outside till it has formed new roots and then brought in to a gentle heat it may be had in flower in the greenhouse in February and March.

Spectabilis: magnificent racemes of pink and white flowers..... 20c each; \$2.00 per doz.

FREESIAS

(For September and October delivery. Prices are postpaid)

Greatly prized for the delightful fragrance of the delicately colored flowers, which, when cut, remain in good condition for a long time in water. Flowers are borne on stems from 9 inches to 2 feet high in early winter if planted in September. The larger bulbs bear more flowers.

Per doz. Per 100

GLADIOLUS

(For September and November delivery. Prices are postpaid)

Early Flowering Sorts: these are more slender and somewhat smaller sorts. They bloom early and are largely used for cut flowers, especially on Decoration Day. These early gladioli are perfectly hardy and are beautiful both as cut flowers and in a bed. We have several new sorts this year. (For other varieties of Gladiolus see our annual catalogue issued in December.)

Blushing Bride: a very delicate ivory white with three crimson flakes on lowest petals; 24-inch stems; ready in September. 25c doz.; \$1.50 per 100

The Bride: ready in September. Pure white, very handsome and good to force..... 25c per doz.; \$1.50 per 100

Rosea: like the above colored pink..... 25c per doz.; \$1.75 per 100

Cardinalis, Mixed: this has many pink and red shades with a blotch at the base of each petal..... 25c per doz.; \$1.50 per 100

GLOXINIAS

(For December delivery. Prices are postpaid)

Most charming greenhouse plants of dwarf habit. Their flowers, often 3 to 4 inches across, are produced in greatest profusion, and are of the most exquisite and gorgeous colors, many of which are magnificently spotted, mottled and blended. They bloom continuously for months, and by starting at intervals, a succession of their splendid flowers may be had nearly the whole year round.....

Red, Blue or White..... 15c each; \$1.50 per doz.

HYACINTHUS CANDICANS

(Postage 3c per bulb)

Free growing, summer-flowering plants with flower stems 2 to 4 feet high, each bearing from 20 to 30 large white bell-shaped flowers; splendid for groups..... 7c each; 75c per doz.

IXIAS (African Corn Lily)

(Prices are postpaid)

The Ixia is a beautiful little winter-flowering bulb, with slender graceful spikes of bloom. The colors are rich, varied and beautiful.

LILY-OF-THE-VALLEY

(For December and January delivery)

For pot culture or forcing by those who have conservatories these cannot be excelled, producing large fragrant spikes, crowded with bells, and an abundance of dark green foliage.

Finest Selected Pips for forcing, or for planting either in pots or out of doors; the finest selected grade, bundles of 25, 65c (75c postpaid); per 100, \$2.50; per 1,000, \$21.00.

Clumps for outdoor planting, 60c each. Add 10¢ for postage.

Retarded Pips: we put in cold storage each year several thousand of the best pips which we can take out at any time during the summer when we get orders for 200, or preferably 500..... \$2.75 per 100

Miscellaneous Bulbs and Flowering Roots—Continued

MONTBRETIA

(Prices are postpaid)

A summer flowering bulb, bearing bright colored flowers on long, graceful spikes, foliage is long and graceful, and resembles that of the gladiolus. Valuable for cutting, and makes a beautiful display in a clump on the lawn or for borders. Blooms July to September.

Per doz. Per 100

Crocusmiaeflora: fine golden orange.... \$.20 \$ 1.25**Etiole de Feu** (Star of Fire): bright vermilion, center of yellow outside red .25 1.50

MUSCARI PLUMOSUS

Feathered Hyacinths, bears plume-like graceful spikes, 9 to 12 inches high, purple in color. 20c per doz.; \$1.25 per 100. Postage 5c per doz. additional.

ORNITHOGALUM

Arabicum: a beautiful variety, throwing up a tall spike bearing numerous large, milk-white, star-shaped flowers, with a black center, and having a distinct aromatic perfume. They are of the easiest culture. 5c each; 50c per doz.; \$4.00 per 100.

OXALIS

(Prices are postpaid)

Charming little half-trailing or bushy plants, adapted for pot culture, hanging baskets and borders. The foliage alone is very attractive. They flower all spring and summer.

Per doz. Per 100

Bermuda Buttercup: pure bright yellow..... \$.25 \$ 1.50**Bowell:** bright rosy crimson..... .25 1.50
The Grand Duchess type is a California variety of dwarf, sturdy growth, with fine large flowers, very free flowering.**Grand Duchess:** white..... \$.25 \$ 1.50**Grand Duchess:** pink..... .25 1.50**Grand Duchess:** lavender..... .25 1.50**Grand Duchess:** mixed..... .20 1.25

Mixture of all varieties..... .15 1.00

RANUNCULUS

(Prices are postpaid)

These make very double flowers about 9 inches high and go well with Anemones in the garden. Ranunculus come in a wide range of attractive colors; bright shades of crimson, purple, black, yellow, white. The bulbs have curious finger-like projections which should be planted pointing down also soak the bulbs in water over night. Plant in a cool partly shaded position. Our collection of named Ranunculus gives the very colors you may have wanted for a place in your garden and some rare ones.

Per doz. Per 100

Hercules: giant white..... \$.40 \$.**Jaune Supreme:** yellow..... .35 2.50**Mont Blanc:** white..... .35 2.00**Queen of the Netherlands:** a dark violet black..... .35 2.00**Romano:** bright scarlet..... .35 1.75**Sonci Dore:** brownish orange..... .30 1.75**French Mixed:** fine large, loosely double flowers, very vigorous growers, in gorgeous colors..... .20 1.00**Persian Mixed:** very double rose-shaped flowers.... .20 1.00**Turban Mixed:** double peony-shaped flowers in many bright colors..... .20 1.00

SCILLA OR WOOD HYACINTH

(Price is postpaid)

Charming little bell-shaped flowers that do well under trees or in other shady situations; blossoms very early.

Siberica: exquisite blue, adapted for edging and for growing with crocus..... .20c per doz.; \$1.25 per 100

SNOWDROPS

(Prices are postpaid)

Nothing is more beautiful than these little modest flowers, appearing in earliest spring. If dotted throughout the lawn, the effect is most charming, or grown in a bed where they can be left undisturbed from year to year they will make a fine showing and may be used as a cut flower, especially the giant sort.

Per doz. Per 100

California Giants: a vigorous growing, large-flowered variety \$.20 \$ 1.00**Single Flowering**15 .90**Double Flowering**25 1.50

SPARAKIS

(Price is postpaid)

Beautiful flowers borne on long, graceful spikes; the colors are of the most telling combinations and of the brightest shades. They are tigered, blotched, spotted, streaked and flushed in the most diverse and pleasing manner.

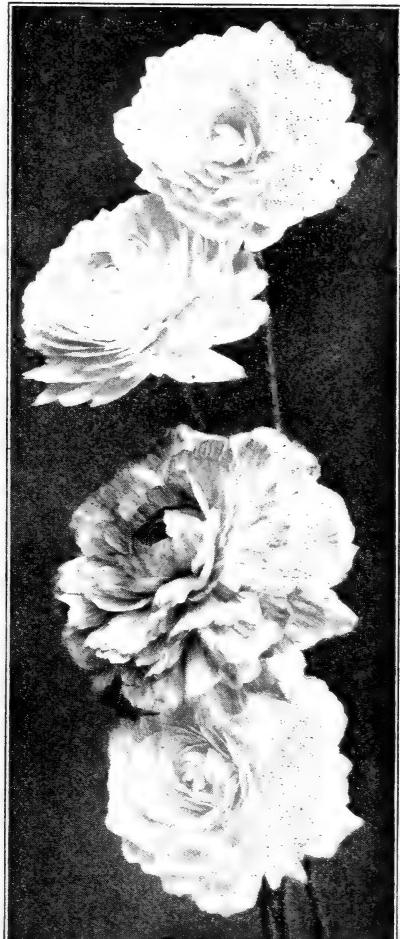

Mixed colors..... 15c per doz.; 75c per 100

SPIREA

(Postage 10c each bulb)

(For December delivery)

While these can be used for outdoor planting, where they will bloom during the summer, their great value is as a house plant.

Japonica: produces beautiful sprays of silvery white plumes
Japonica Compacta Multiflora: dwarf, and a dense flowerer; clumps; too heavy to mail.....
Gladstone (Hybrid Astilboides): the best of all the Spireas, bearing snow-white plumes in great profusion.....
Spireas..... 35c each; \$3.50 per doz.

Ranunculus

Queen Alexandra: a splendid new Spirea of a beautiful pink color; a strong grower and free flowerer. When grown indoors it should be kept cool when flowers are developing, this is necessary to bring out the delicate coloring..... 50c each; \$4.50 per doz.

TRITELEIA

(Price is postpaid)

A very pretty flower for border or bed, 6 to 8 inches high star-shaped, color white suffused with blue, hardy and perpetual.. 15c per doz. \$1.00 per 100

TUBEROSES

(Postage 12c per doz.)

(For January delivery)

The flowers grow on stems 18 inches high, each stem bearing a dozen or more flowers. They are pure white waxlike, and very fragrant.

Double Dwarf Pearl..... 40c per doz.; \$3.00 per 100

Sweet Peas

MARGARET MADISON A Giant Azure-Blue

One of our new Sweet Peas

for 1912

For early Spring blossoms,
sow the seed in November and
December.

NOVELTIES

Margaret Madison: the most
distinct Sweet Pea novelty of
the season. Very large, wavy,
best form Spencer; light azure,
blue self. Sealed packet 25c.

Mary Garden: light buff
pink, giant Spencer, throwing
50% to 75% of double blos-
soms. Unique in form; beauti-
ful in color. Sealed packet 25c.

Duplex Crimson King: double bright blood red. Throws fully 75% double blos-
soms of immense size. A grand
bouquet Sweet Pea of giant
double Spencer type. Sealed
packet 25c.

EARLY FLOWERING OR CHRIST- MAS SWEET PEAS

This class of Sweet Peas will fre-
quently come into bloom in 8 to 10
weeks after sowing the seed. If
sown in October, one can have good
blossoms by Christmas, and if sown
at intervals Sweet Peas can be had
nearly the year round. Only re-
commended for early Fall planting
and for greenhouse forcing.

Morse's Prize Strain Pansies about $\frac{3}{4}$ natural size from photograph.

Morse's Superb Pansies

Pansies do particularly well in our cool even climate. If sown where the weather is hot, choose a shaded location and give moist, rich, loamy soil. To get the giant blossoms which can be had in wonderful variety of colors from Morse's Prize Strain Mixture the plants must be transplanted twice, once from the seed box when quite small and again when nearly half grown and be sure to manure or fertilize the soil. Sow pansy seed in autumn as the blossoms are the largest in early spring, and become smaller during the hot months. Morse's Prize Strain Pansies are unequalled.

EXTRA FINE GIANT-FLOWERED PANSIES

We offer in the following colors and varieties, these pansies, which are different from the named sorts listed. They are some of the separate sorts out of our famous "Prize Strain Mixture," and are truly giant in size.

Pure White,

White with Dark Center,

Hortense Red: old rose color,

Pure Yellow,

Yellow with Dark Center,

Madame Perret: wine color and white,

Emperor William: dark blue,

Lord Beaconsfield, purple and lavender,

Faust: pure black,

20c per packet; collection of 9 finest sorts, \$1.35.

SPLENDID MIXTURES

MORSE'S PRIZE STRAIN. This is a mixture of all the giant-flowered varieties, all the plain colors, faced sorts, ruffled edged, and rare sorts; also the varieties exquisitely marbled, striped and blotched. The seed is saved from Germany's most famous pansy gardens from **EXHIBITION FLOWERS.** PRIZE STRAIN pansies are wonderfully beautiful in every way, and are the very best there are.

Pkt. of 500 seeds, 50c

Morse's Imperial German Strains Mixed: a superfine mixture of the choicest German varieties in all colors. Pkt., 25c.

Bugnot Mixed: a circular, ruffled, and five-petaled type, with soft, blended colors and tints, veined on the margins and with a dark blotch at the base of each petal. One of the finest sorts. Pkt., 25c.

Cassier's Giant, Mixed: a splendid mixture of various shades and markings. The blossoms are round and are blotched at the base of the petals. Pkt., 25c.

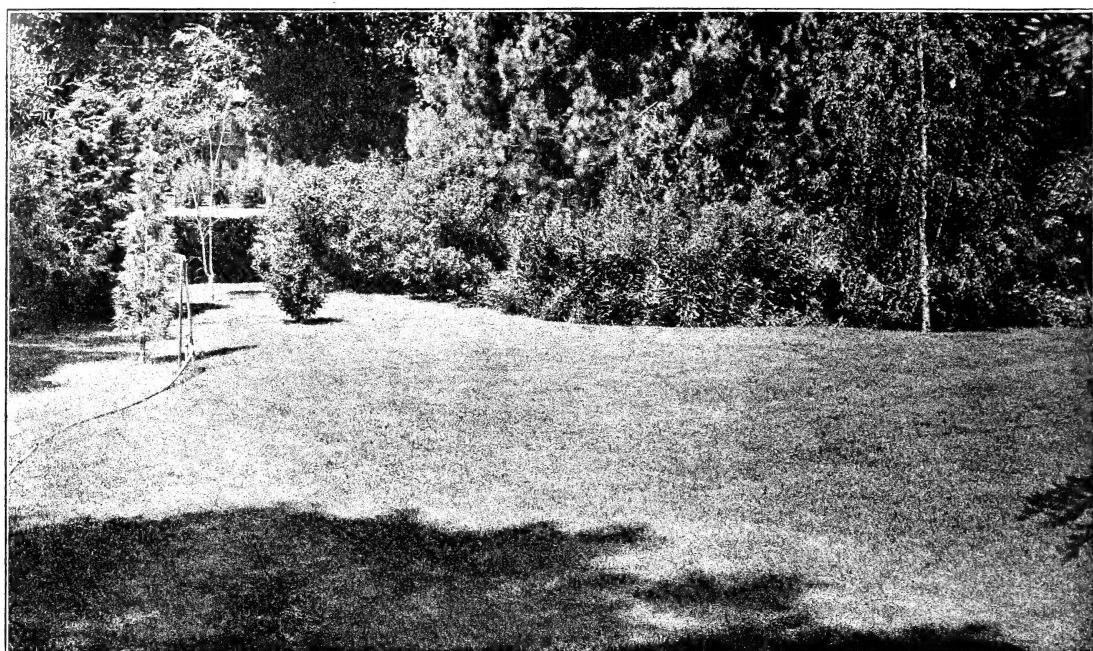

Giant Trimardeau, Mixed: the largest flowering type of pansies, called the French strain. The top petals are larger than the three lower ones and are beautifully marked. Pkt., 15c; Oz., \$3.00.

Giant Odier or Prizé Blotched, Mixed: a large flowered type, with round blossoms. The petals are all blotched at the base and distinctly margined on the edge. Pkt., 25c.

Giant Masterpiece: these new pansies have a most beautiful combination of rich velvety coloring and attractive wavy or ruffled petals. This wavy effect gives a graceful appearance rarely seen in pansies, and while they are really very large, they appear larger on this account. Pkt., 20c.

| 12 packets of any of the above 10c varieties for \$1.00; 6 for 50c. | | |

Grasses for Lawns

The finest lawns which have that dark-green rich look both summer and winter, are made from mixtures of lawn grass seeds properly proportioned for the soil and climate. The Golden Gate Park in San Francisco uses each year large quantities of our fine lawn grasses. If you want lawns as good as those in the Park, use our fine seed and as much care as they give, and you can have around your own home just as good a lawn as any in Golden Gate Park.

MORSE'S CALIFORNIA LAWN MIXTURE

Contains only the finest leaved grasses in the correct proportion to make a good fine turf which will wear as no other can and will still look well summer and winter. Per lb., 35c; per 100 lbs., \$30.00.....Postpaid per lb., 45c.

PACIFIC RYE GRASS (MORSE'S)

The best grass for a straight lawn in any sandy soil such as is about San Francisco. Pacific Rye Grass is like the hardy Australian Rye Grass, but is longer lived and of a much finer leaf. By express or freight, per lb., 25c; per 100 lbs., \$20.00.....Postpaid per lb., 35c.

MORSE'S "GOLDEN GATE PARK" LAWN MIXTURE

Contains the more hardy grasses which are used to make the sod for the park playgrounds, where the grass has to endure much tramping over. The mixture also contains a very little white clover. By Express or freight, per lb., 35c; per 100 lbs., \$30.00....Postpaid per lb., 45c.

Prepare the soil well; this means spade it over and dig in some fertilizer or manure. Let the ground stand a month, or else do not apply fertilizer until grass is three months old. Two weeks before planting roll and water the ground well and before sowing the seed hoe the soil, but do not spade it, and roll again.

Sow the seed evenly and roll it in or sprinkle a good cover of sandy loam over it. Where a roller is not available rake the seed in lightly and press down by patting with spade. Water twice a day until grass comes up. In stiff, clayey soils, if planting in summer, use straw or leaves to protect the germinating seeds until the grass is an inch high. Make the lawn any time of year if there is plenty of water.

Use one pound of seed to 250 square feet of lawn. Keep free from weeds, water well, and cut regularly.

KENTUCKY BLUE GRASS

Makes a lawn of a dark-green color, which gets yellowish during frosty weather. It forms a fine mat with care and plenty of water and is the best straight lawn grass for all soils except sandy ones. By express or freight per lb., 35c; per 100 lbs., \$32.50.....Postpaid per lb., 45c.

AUSTRALIAN RYE GRASS

For many years the only lawn grass for sandy soils like San Francisco, and still very popular; makes a very hardy, bright green lawn. By express or freight, per lb., 15c; per 100 lbs., \$10.00.....Postpaid per lb., 25c.

MORSE'S SPECIAL SHADE MIXTURE

Our mixture is made from natural wood grasses which grow in shaded places, and for making good lawns under trees and in dark corners is unequalled. Per lb., 50c...Postpaid per lb., 60c.

WHITE CLOVER

This is a little dwarf growing clover used for lawns in many places. The color is dark green, and the roots run deeply. By express per lb., 40c; per 100 lbs., \$38.00....Postpaid per lb., 50c.

Nursery Department

AT HAYWARD, Alameda County, we grow many thousands of the finest fruit trees and ornamental shrubs each year. No water is used to irrigate on this rich land and the trees in consequence are extra strong and healthy.

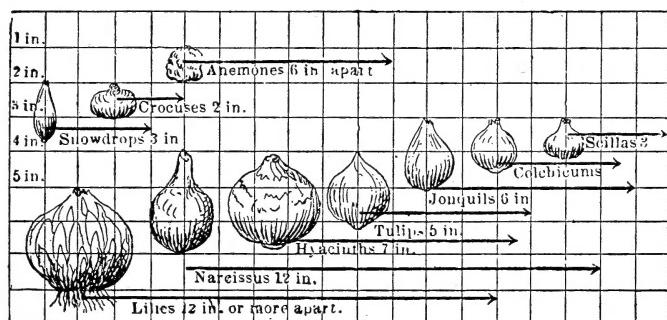

The Nursery Building at Hayward

C. C. MORSE & CO'S OAKLAND NURSERY SALES YARD

Here we carry in season a full assortment of Fruit Trees, Berries, Ornamental Trees and Shrubs, Palms, Climbing Plants, Ferns, etc. There is someone here to take orders and see personally that they are well packed and shipped.

DIRECTIONS: From Oakland take either Piedmont Ave. or Oakland Ave. cars to Glen Ave. and walk on Glen Avenue to the right one short block. From San Francisco take Key Route and Piedmont train to Piedmont Station just one block away. **The nursery is at Glen and Eleth Aves.**

The bulbs can be planted as soon as they arrive, usually at the end of September. A very good rule when planting is to set the bulb twice its own depth. Make the hole with a trowel and if the soil is heavy a handful of sand at the base of the bulb will greatly assist the roots and prevent the bulb rotting.

The Crocus make beautiful edgings and can be planted close to get a fine effect of color. A splendid continuous display can be had by planting a bed with Daffodils and Tulips alternately, putting the bulbs about 2 inches apart. The Daffodils will bloom first and will be followed by the Tulips.

Hyacinths make a lovely and lasting show and if a little consideration is given to color scheme and design the bed will be greatly admired.

Another pretty effect can be made by sowing some Forget-me-not Victoria in boxes in the fall and setting out the plants between Tulip, Daffodil or Hyacinth bulbs as soon as they appear above ground. The Forget-me-not makes a beautiful ground work.

If specially fine color and flowers are desired the beds may be watered twice a week with some weak liquid manure after the buds are well up and the foliage developed.

Cultural Directions

The accompanying diagram explains the proper depth to plant bulbs. Outdoor planting should be done early in the fall to secure healthy plants, vigorous foliage and beautiful flowers.

Any good garden soil will grow bulbs well if a little time is spent in preparing the beds before hand.

During September give the ground a liberal coating of well rotted manure and turn over the soil with a spade about a foot deep, mixing the manure with the soil as much as possible and breaking up the lumps fine with the spade.

A dressing of bone meal if given now will prove valuable to the bulbs in the spring.

C. C. Morse & Co's Garden Guide for 1912

Contains a great deal of information about planting in California. The Garden Guide for 1912 describes all varieties of Vegetables and Flowers, Fruit trees, Berries, Roses, Dahlias, Insecticides and all other articles we sell.

We want every one who gardens to have a copy and we will gladly mail it in December upon request. If you order by mail from this catalogue, or ordered from last year's Garden Guide you will get a catalogue without writing.

C. C. Morse & Co's New Store, 125 Market Street

The wooden structure which has served us as a store since shortly after the great fire, we are glad to say has at last been replaced by a handsome new two-story brick building on the same location. We are able to carry a larger stock of all kinds here, and directly over the store is our CATALOGUE MAIL ORDER DEPARTMENT where all mail orders receive the same personal attention which we give to our customers.

We were obliged to move into another block during the summer, so as to give the builders room, and it may be that some of our customers lost track of our whereabouts, but we are now back in our permanent home, No. 125-127 Market Street, and we want you to come and see us there. Besides we have many colored pictures of Bulbs to show you.
